Mr. S.R. Morss,
R-3,
Bradford,
Mass.

Dear Mr. Morss:

Many thanks for your report on the reception of our station.

CJRH, located in Richmond Hill, Ontario, first broadcast on the assigned frequency of 1300 kcs. on July 1st, 1957 with a power output of 500 watts. At that time we were governed by a limited broadcast schedule from sunrise to sunset and used an omni-direction radiation pattern.

On March 20th, 1959 we began broadcasting twenty-four hours a day with a power output of 1,000 watts on a daytime pattern and 250 watts output on the night time pattern, on the assigned frequency of 1310 kcs.

We appreciate reports from listening posts such as yours and wish you continued success in the field of service. 73's and DX.

Yours sincerely,
